

## 9 Feb QM Weekly Meeting

1. Check in: Natan, VC, Jordan, Grey, Sydney, Fern Lou
2. All
  - Ongoing projects
    - Gender & Sexuality Commissioner
    - Fulfilling resource orders
    - McGill application
  - From Services Workshops
    - Clubs Workshop (Jordan & Fern)
      1. Gave us a rundown of the SSMU structure as it pertains to clubs
      2. Need to be filling out the events form for any kind of events (even online)
        - a. Jordan will send Natan the form
    - Finance Workshop
      1. Was not relevant to us as it was all about club finances rather than service finances
    - Audit Workshop
      1. Got cancelled, they were supposed to send the presentation slides but haven't
  - BLM artists concern from last week
    - Didn't have time to come to a proper conclusion about it since the meeting had already run late
    - Need to decide how to address it
    - none of the people we've reached out to so far have had this complaint
    - Definitely not against paying people, but could be strange to not advertise it from the beginning
    - We can also table it until next year since this is already happening and it would be easier to have that setup from the start
    - Would need to set aside portion of the budget for it to decide on honoraria and number of people signing up
    - Would create a bad dynamic of setting aside a certain amount and dividing it among the participants would possibly create the idea of if fewer people sign up they each individually get more money (if this is unclear in the notes, please feel free to message QM for a more thorough explanation from Fern Lou)
    - Is it feasible? More or less
    - Outcome: good thought that was brought to the table to support Black artists as an organization. Will be a thing for next year.
    - Vote: 5 for tabling it until next year, 1 abstain
3. Admin
  - JBSCE Queer Subcommittee updates
    - Meeting on Thursday with Wellness Hub to discuss queer/trans affirmative actions/initiatives at the Wellness Hub
    - Will talk about McGill application complaint at next meeting to make the McGill application more accessible to trans students
  - SSMUnion updates

- Asked us to share a post asking people to come out and vote on the topic of the divest for human rights campaign (NOT telling people to vote a specific way)
    - We need to make it clear that we are not asking people to vote one way or the other
    - Coord vote:
      1. Yes: 6 (unanimous)
  - Bill 64 (CW: sexual violence mention)
    - Open letter advocating for the QC gov't to change privacy law so that complainants in cases of sexual violence can be made aware of sanctions regarding the perpetrators of their sexual violence
    - Would like us to sign as individuals and/or as an organization
    - Will vote on it next week after we've all had time to read the letter
      1. VC will forward it to coord emails
